

About the video of Dr. Shirakawa's study

1, difference between normal cells and cancer cells

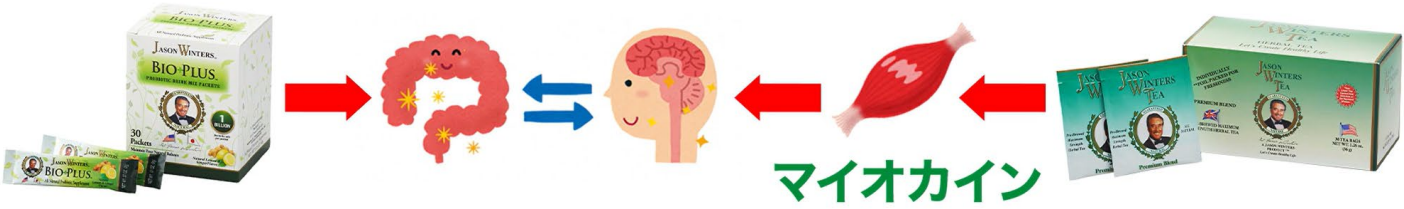

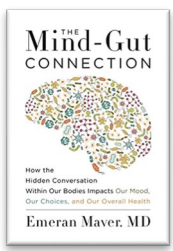

-> It is important to increase and activate mitochondria in cell system

2, experiment on mouse

Bio Plus(fiber and biotics) activate mitochondria, which boost immune system by Dr. Shirakawa and a thesis on Science magazine

3, mind-gut connection; having good gut bacteria enhances brain function

JW bio plus boosts brain function by cleansing and regulating the intestinal environment

JWT stimulate muscle to produce myokine and activate mitochondria, which strengthen brain function
